

MSc International Shipping

Introduction:-

The programme is designed to appeal to students and professionals seeking to gain the specialist skills required to enter into middle or senior management positions in maritime related industries.

International Shipping also offers an opportunity to enhance the professional competence of individuals who are already experienced and who wish to build on that experience through a structured programme of study. Our programme is delivered by research intensive staff with extensive industry experience and continuous engagement with the industry.

This programme combines over 40 years of international industry experience with a strong focus on commercial aspects of shipping, logistics and ports.

Location and Advantage:-

Plymouth, England

As a student living in the city centre you'll find many places are accessible by bike.

Whether you're a die hard mountain biker, long distance roadie or simply want to explore the local area, hopping on a bike opens up a whole world of possibility.

To the north of Plymouth – and within view of the University – lies Dartmoor National Park, a vast expanse of wild, open moorland containing landscapes of startling beauty, including ancient forests, crystal clear rivers and towering rock faces.

Alumni Network

International alumni networks

Plymouth has a thriving international alumni community.

We work closely with our international alumni ambassadors to organise alumni events in a range of locations including Athens, China and Singapore.

The aim of this network is to create opportunities for alumni based in the capital to engage with each other, stay connected with the University and our students.

Careers and placements:-

The programme aims to help you discover how to make the most of your degree and University experience in order to achieve career success.

There are four core modules that combined together will help provide you with the tools and knowledge needed to enable your launch into an exciting future:

Who am I

Possibilities and opportunities

Decision making

Telling your story

Work out who you are

Gain experience

Start building your network

Application Requirements:-

- We require applicants to have completed a bachelor degree or a bachelor of technology degree from a recognised Indian institution with the following degree classification

Indian degree classification	Indian degree classification – alternative name	Bachelor of technology degree classification – GPA	UK degree equivalent
60%–100%	First class	7.0 and above	2:1
55%–59%	First class/second class first division	6.0–6.9	2:2

- IELTS score of 6.5 overall (with a minimum of 5.5 in each element) or equivalent.
