## Testimonials

“I embarked on the journey of coaching with Harsh about a year ago and found my journey to be truly transformational. Harsh was able to help me look deep within, understand my fears & vulnerabilities and showed me that there were possibilities. This was important to understand and chart out precise and actionable next steps (personally & professionally). Glad I had the opportunity to have him as my coach and I wish him the very best”.

**Urvashi Shaju, Vice-President, Global Investment Bank**

“Sea & Beyond is a unique and first of its kind platform that has helped me tremendously in my career. Even after having more than a decade experience in shipping industry, I had a lot of doubts regarding what steps I can take for furthering my career at sea as well as ashore. Capt. Gaurav Rana, my mentor, gave me a medium to interact with experts of the industry. This helped me clear my doubts and also guided me for growth in my career. Such guidance is not available anywhere else”
