Placements/Career Prospects:-

•The Heriot-Watt University Placement has been impressive in the past few years. As per the 2019-20 graduate report, 79% of graduate students are either in employment or in further education within 15 months post-graduation. Every year, many global employers conduct placement drives to hire Heriot graduates and offer them better salary packages. Check below the Heriot-Watt University average salary by degree.

Our teaching in Logistics and Supply Chain Management is grounded in the research of the Centre for Logistics and Sustainability which has fed into the UK Government's carbon policy and the logistics operations of organisations such as:

- Tesco
- Coca-Cola
- John Lewis
- DHL
- Sainsbury's

Heriot-Watt University stands at the forefront of logistics research and specialises in the study of management, integration, reform, impact and modelling of logistics activity, particularly from an environmental and sustainability perspective.

Application Requirements:-

Level of English required for admission to the specialisation course: TOEIC 780 / IELTS 6 / IBT 85 (candidates with at least 1 year of studies or professional experience in an English-speaking country are exempted). For admission to the preparation course, the level of English is recommended but not mandatory. It will have to be validated to enter the 2nd year.
